"If the State can tag, track down and force individuals, against their will, to be injected with biologics of unknown toxicity today, will there be any limit on what individual freedoms that State can take away – in the name of the Greater Good- tomorrow?"
Barbara Loe Fisher, President, NVIC

"Can you inject a foreign substance of any kind into a little baby and believe that in anyway it will improve its health?"
Wm. Howard Hay, MD June 25, 1937
